25 foot bar facilitates 6 separate
slide projections along its upper face.
4 further slide projectors can be
utilized in other parts of the space.

Audio Visual Equipment:
2 x NEC MT1065,
3200 ansi lumen LCD projectors,
2 X VHS Video Recorders,
2 X DVD Recorders,
State of the art sound system

Other miscellaneous:
pulpit staging,
microphone hook-up,
and lectern can all
be provided on request.

LOOP is a state-of-the-art entertainment space, which features two permanent projection screens and an exquisitely designed bar. The purpose built elements, size and technological features of our venue has enabled LOOP to position itself as one of Australia's key entertainment spaces dedicated to contemporary art media.

Located at 23 Meyers Place, off Bourke Street, LOOP has added a distinct new flavour to a vibrant existing cluster of cafes, restaurants, galleries, bookshops, and small bars in this area.

Since opening in May 2003,
LOOP has hosted a range of film festivals,
art institution openings and corporate events.

LOOP has been a host venue for the Melbourne International Film Festival, Jaffas Down The Aisles Festival, and the Melbourne Underground Film Festival. LOOP has held special events for the Australian Film Commission, Film Victoria, and the Australian Centre for the Moving Image. We have also staged corporate events for clients such as ANZ bank, Macquarie Bank and Phillips-Fox.

At LOOP, we provide you with a fresh, unique ambience in presenting corporate events and audio-visual material.

LOOP is ideally suited
to power point presentations and
other forms of progressive corporate audio-visual displays.

Clients to provide: Laptop, DVD source disk. VHS source tape

Our venue design is fully flexible, allowing for the space to be re-invented for your specific needs. Furniture can be re-configured or removed altogether, projections can be screened across a number of walls, and acrylic curtains can be drawn to open or close the space up.

The professionalism of our hospitality matches the quality of our design. Our bar product reflects LOOP's cutting edge agenda with priority given to unusual brands of both draft and boutique beer, exotic cocktails and quality, beautifully packaged spirits like Krolewska and Metropolis Polish vodka. The beverages will be diverse but sensitive to a range of customer price-points.

We can introduce food catering as desired.
